January 2023- March 2023

A Message From Your Board Welcome Ramadan

Assalamualaikum Dear Community,

One of the major events that took place from January to March 2023 was the beginning of Ramadan. Alhumdulillah, Allah SWT blessed all our readers to witness yet another Ramadan. We would like to give a shoutout to our ICBCS parents, especially our ICBCS mothers, who with the help of their kids participated in educating the students of Bryan ISD and College Station ISD about Ramadan by making lanterns and using other celebratory modalities. What a beautiful way to give dawa'ah and spread awareness!

Anyone who has lived outside the ICBCS community can testify that our ICBCS Ramadans hit differently. Masha'Allah, the way the entire community comes together to sign up for daily iftars is pretty special and unique to this community. We cannot thank our dedicated volunteers enough who were present day and night serving the community throughout the month of Ramadan including Tahajjud, pre-iftar, during iftar, post-iftar, Taraweeh prayers, and even after taraweeh. Our masjid can not run without amazing volunteers like you. May Allah SWT grant you more than 10 folds reward in this duniya and in akhirah.

We would also like to give a special shout out to the 10 brothers/Huffaz who led the Taraweeh this Ramadan. May Allah SWT put Barakah in their qira'ah, in their hafza, in their duniya affairs, and in their akhirah. Last but not least, our lovely social team along with the Ramadan Committee who went above and beyond to ensure the rest of the community had a smooth and spiritually enriched Ramadan Experience. From holding pre-Ramadan orientations to numerous post-taraweeh work-flow meetings, troubleshooting meetings when food was delayed or not enough, or when the masjid was overflowing with attendees, it takes a village and it shows. The entire community really came through and we are simply short on words to express our gratitude of how special this was. JazakAllahu Khairan.

Important Updates

Annual Ramadan Fundraising

Every year, on the first Friday of Ramadan, ICBCS holds their Ramadan fundraising night. When the world was hit with COVID-19, Alhamdulillah, the masjid was able to stay funded despite the sudden vacancy largely due to our monthly donors. Our goal this year, similar to previous years, is 50 new monthly donors. By the Will of Allah, we have surpassed our goal this Ramadan with 82 new monthly donors!

These new monthly donors consist of but are not limited to, students, alumni, and working professionals. JazakAllah Khairan to everyone who was able to support our masjid this Ramadan. With the monthly donations, no matter how small, the reward of sustaining the house of Allah stretches throughout the whole year. May Allah accept everyone's donation and especially all the duas you all have made for this masjid and community.

New Members in the Community

There have been many students and families who joined our lovely community this quarter. Your ICBCS Newsletter team was only able to get a couple of names including Sister Kevser who recently joined us from Turkey.

May Allah SWT make your presence in this community for you and everyone around you beneficial. Ameen.

Community Highlights

Dr. Mian Riaz has been awarded the International Food Security Award from IFT - Institute of Food Technologists. This award honors an individual whose research has made substantial advancements in how foods can be manufactured and made available to meet the nutritional needs and food preferences of people living in emerging economies in a manner that is costeffective for both consumers and manufacturers.

Sr. Maryam Ahmed, Counselor at College Station High School, was rewarded an Employee of the Year award for this school year. May Allah SWT continue to bless the work that she does with the youth of this generation and have her impact in their lives tenfold!

ICBCS Volunteer of the Quarter

Br. Abdullah Azzam

Abdullah Azzam has been part of the community for about 3 years. He is an international student from Jordan working on his PhD here at TAMU in Civil Engineering, Class of 2023.

Abdullah has been remarkable especially in helping with ICBCS picnic events by being relentless in his willingness to help with preparing the ingredients and serving the food. He is known for his reliability when it comes to food handling during ICBCS picnics. His absence was palpable when he couldn't make it to an ICBCS event. Abdullah fed more than 300 people by making sure the food was getting cooked properly and by donating his time and energy with no expectation of recognition except from Allah SWT. It has been a privilege to have him as part of our community. No doubt his contribution for this community is etched in his book of deeds, insha'Allah.

We wish him good luck for what Allah SWT has instored for him and his family. We pray to Allah SWT to forgive him for his shortcomings, bless him, and accept from him. Ameen.
